SPECIAL NOTE

An index of the first six generations of the descendants of Joseph Driggs is presented on pages 105 to 114, inclusive. The prefix number indicates the generation and the entire number its genealogical position. For example: (6-62) will be found in the 62nd position in the Sixth Generation, and it will also appear in the Fifth Generation as a child of (5-34). Continuing on your search (5-34) will again appear as a child of (4-7), etc. Thereafter in this book (in Generations 7, 8 and 9) all descendants are presented in alphabetical order. No index on the maternal lines is provided for these final three generations.
